Cian’s Story

Last year, Cian was one of Australia’s Jump Rope for Heart superstar skippers. He raised an amazing $6,065 to help the Heart Foundation fight heart disease.

Cian understands how important it is to help people with sick hearts.

At the age of 5, he was quickly airlifted to Sydney for open heart surgery to treat a rare condition called cardio myxofibrosarcoma. This usually affects elderly people.

Cian is the youngest in the world to be diagnosed and the first to have it in his heart.

Cian’s mum supported his Jump Rope journey by sharing his online fundraising page with family, friends, colleagues and the community.

Cian now takes daily medication which allows him to continue to enjoy skipping, dancing and horse riding.

Please support the Heart Foundation and people like Cian. Get online and raise funds to help fix Australia’s sick hearts.
